Alcopo

I am sorry that you have been disappointed
over your papers. but we of course continued
sending them to address given as we received
no notification of a change. I am sending you
by this post ^{copy} of each issue from now.

The corrupt press of this country would
lead outsiders to believe that all Ireland is
wallowing before their Britannic Majesty, it is
not. We had a tremendous demonstration on
Coronation Day. The worst move that has
been made yet is to con on Wednesday last
a special meeting of the Dublin Corporation to hold
a special address. You are aware of course that
it was defeated two months ago by a large
majority since then the Lord Mayor has "flopped"
I believe it will be defeated again. We have a
big fight.

Yours & affectionate

Seán MacDermot
