Do we need to wait for a fatality to occur before we act to address the dangers posed by these bikes? Just recently, a twenty-year-old woman was knocked down and seriously injured by a scrambler bike, and two weeks ago a two-year-old infant was hit by a scrambler bike and needed to be hospitalised.

As these bikes are often driven by young people who may be unaware of the risks, both

'That Cork City Council would write to the NTA requesting that the 60 km per hour speed limit at the Kinsale Road roundabout would be extended to the Airport roundabout. As this is a national road is within the power of the NTA to change the limit. I understand that national road speed limits are to be reviewed in 2 years time however, many have seen the footage of cyclists using the new cycle lanes and the cars passing at in excess of 100km per hour. The speed limit should have changed in tandem with the installation of cycle paths funded by the NTA.'

(Proposer Cllr. D. Cahill 22/396)

27.2 **CSO TO MAHON POINT EASTERN CORRIDOR**

'That Cork City Council would formally request the NTA to fund the CSO to Mahon Point eastern corridor without waiting for Bus Connects. The NTA have funded the project to date (the last 20 years) and Bus Connects will only delay the delivery. The project to date has been 5 stages and this final piece will greatly increase the bus times. Bus Connects is funded through the NTA.'

(Proposer Cllr. D. Cahill 22/397)

27.3 **NTA TO DEVELOP BUDGET TO COMBAT PUBLIC PERCEPTION**

'That the CE will write to the NTA about the need to develop a budget for soft and informal measures to combat the public perception that Cork was not a cycling city in the past.'

(Proposer Cllr. C. Finn 22/399)

27.4 **REOPEN MIDLETON TO YOUGHAL RAILWAY LINE**

‘That Cork City Council calls on the Government and particularly the Minister for Transport and the Environment Eamon Ryan to reopen the Midleton to Youghal railway line as was planned when the Glounthane to Midleton section was reopened a number of years ago.

The case for this is even stronger now due to the increased level of commuter traffic on the Midleton to Youghal road, which causes long tailbacks at the villages of Castlemartyr and Killeagh resulting to excessive levels of CO2 in the atmosphere as well as the inconvenience that these delays cause.

It is estimated that the opening of Midleton to Youghal rail line would replace approximately 8,000 car journeys per day.

The reopening of the Midleton to Youghal rail line would make good sense both from traffic management and environmental points of view as it would certainly result in many commuters switching from their cars to rail. It would also be used by day trippers from Cork wishing to use the seaside amenity that Youghal has to offer.’

(Proposer: Cllr. T. Tynan 22/416)

27.5 **REJECT PROPOSALS BY THE NATIONAL TRANSPORT AUTHORITY/BUS CONNECTS**

‘That this Council rejects the present proposals as announced by the National Transport Authority/BusConnects and calls on them to:

1. Engage in meaningful consultation with residents who are affected by CPO’s, these consultations should be held in person and on site.
2. Agree to organize a 3<sup>rd</sup> public consultation process.
3. Agree to hold more frequent and smaller/more targeted community forum to enable residents to engage with the NRA on a more local basis.
4. Agree to establish a permanent office in Cork City to ensure that the public can engage with the NRA on an ongoing basis.
5. Agree to engage a professional communication team due to the size and scale of the BusConnects project where €600 million of public money is being spent, to review the disastrous publicity/leaflet distribution campaign and commit to developing a meaningful and comprehensive publicity/communication campaign in the future.’

(Proposers: Cllr. T. Shannon, Cllr. J. Sheehan, Cllr. T. Fitzgerald, Cllr. C. Kelleher, Cllr. M.R. Desmond 22/417)

27.6 **CHEMICALS USED IN PREPARATION OF DRINKING WATER**

‘That Cork City Council calls on Irish Water to meet Environment, Water and Amenity SPC committee to discuss the chemicals used in the preparation of drinking water which may have been responsible for sediments coming loose in water mains and the discoloring of water across the city and to report on the steps being taken to address the issue.’

(Proposer: Cllr. T. Fitzgerald 22/426)

27.7 **APARTHEID FREE ZONE**

‘That Cork City Council noting the Amnesty International, Human Rights Watch and B'Tselem reports that designate Israel as an Apartheid State and further noting that the United Nations has declared Apartheid 'a crime against Humanity' declares Cork City Council an Apartheid Free Zone, and in doing so, fully supports and endorses the Palestinian-led Boycott, Divestment and Sanctions movement for freedom, equality and justice and commits itself to the following:

A) not to purchase goods or services, produced or provided, in whole or in part (as practicable), from illegally occupied territories by illegal settlers, and that any such contracts should cease as soon as allowed.

B) proceed, with urgency, it's decision of October 2021 to twin with a Palestinian city.

C) encourage and support civil society links between Cork and similar groups in Israel/Palestine that oppose the apartheid system there.

Furthermore, this Council, noting the Dáil motion of May 2021 that condemns Israeli actions in East Jerusalem and the rest of the West Bank as 'unlawful de facto annexation', calls on the Irish Government to implement the Occupied Territories Bill passed by the Dáil in 2018.’

(Proposer: Cllr. T. Tynan 22/411)

27.8 **PRACTICE OF APARTHEID BY ISRAEL**

‘That Cork City Council notes Amnesty International's recent investigation into the Israeli Governments treatment of Palestine and the Palestinian people.

Recognises that this report notes that :

- "Israel imposes a system of oppression and domination against Palestinians across all areas under its control: in Israel and the occupied Palestinian territories , and against Palestinian refugees, in order to benefit Jewish Israelis.

And that

- "This amounts to apartheid as prohibited in international law."

Therefore;

Cork City Council expresses its abhorrence at this practice of Apartheid by Israel.’
