8. **MOTION DEFERRED FROM THE ORDINARY MEETING OF AN CHOMHAIRLE HELD, 14th DECEMBER 2020**

OLD TERMINAL BUILDING AT CORK AIRPORT

‘I ask that Cork City Council would write to the Minister of Transport Mr. Eamon Ryan TD and call on him to instruct the Dublin Airport Authority (DAA) to begin the process of handing over the old terminal building at Cork Airport to Ryanair. The old terminal building is currently standing empty and falling into disrepair. Because of the pandemic Ryanair like many other airlines around the globe have seen a huge downturn in passengers numbers and as a result of this Cork Airport has suffered, Cork City has suffered, the hospitality and retail sectors have suffered, and jobs and the security of employment have suffered. Ryanair CEO Michael O’Leary has recently (Dec 20) said that he is confident that airlines will recover somewhat in the summer of 21 with a huge improvement on that come the summer of 22. I feel that now is the time for us to reinvigorate the old terminal and I firmly believe that should the DAA and Minister Ryan allow Ryanair the opportunity to invest and set up an airline HUB in the old terminal that that investment will go a long way in helping to rebuild our economy in the Southern Area. I ask my fellow Cllrs to support my call on the Minister to act swiftly on this motion.’

2. **FLOODING ON THE MODEL FARM ROAD**

‘There is still no improvement in this ongoing problem of flooding on the Model Farm Road. Exact same spot outside the technology park city side and now it’s as bad opposite the Dept. of Agriculture just before Mount Mercy school. The flooding outside the technology park is a blind spot at night and hopefully I’m wrong but someone’s going to have a serious accident there on one of these dark nights driving through it as I’ve picked up numerous mud flaps on the footpath lost because of this flooding and drivers getting caught unaware of the flooding. We did discuss years ago about letting it run off into the green area in the park through the wall. We might revisit this or some other solution again.’

(Proposer: Cllr. H. Cremin 20/401)

South West Local Area Committee – 25/01/21

7. **PUBLIC REALM AT BANDON ROAD, GLASHEEN ROAD AND MAGAZINE ROAD**

‘Considering the development has started at O’Riordan Joinery on the Bandon Road and the City Council’s social housing development at Denroches Cross is starting in the New Year, we request that City Council and the developer would now collectively take this opportunity to put in place an impressive public realm for this whole area that present and future residents would be proud of. Enhanced plans for this area should be put in place considering that both developments are in the same vicinity and are being worked on at the same time. There is an onus on Cork City Council to make sure there is a social dividend to the wider community within this area.’

(Proposers: Cllr. H. Cremin, Cllr. C. Finn, Cllr. T. Moloney 20/422)

South West Local Area Committee – 25/01/21

‘That Cork City Council undertake a study of the pedestrian facilities between Pauds Cross and Blarney village with a view to providing both proper footpaths and street lighting to enable the safe passage of pedestrians between Tower and Blarney. This area is entirely unsafe for people to walk in in broad daylight and the lack of proper footpaths and lighting make it dangerous at night. I would ask that this be treated as a priority in light of the current campaign encouraging both walking and cycling in the community.’

(Proposer: Cllr. D. Boylan 20/462)

North West Local Area Committee – 25/01/21

11. **ESTABLISH A CORK SPORTS MUSEUM**

In this iconic year of Commemoration, when we have so eloquently commemorated our past from a political perspective and the significant events of 1920 which has forged our State to what it is today, I believe that it would be appropriate to Showcase all that is good about Cork from a Sporting perspective in physical form in the shape of a Sports Museum located in the City. Sport plays a hugely significant part of the social fabric of Cork and indeed Cork has a very rich history in a wide diversity of Sports from a Local, National and an International perspective. We should showcase and celebrate the significance and contribution that sport has made to Cork, the individual and team successes and how it has developed and evolved over the decades and beyond. I would hope that this would be a permanent fixture in our City and a home for all sporting history relating to Cork and indeed will hopefully become a viable tourist attraction into the future.’

12. **CLEAN CORK COAT OF ARMS ON TIVOLI DUAL CARRIAGWAY**

‘That Cork City Council would take measures to clean the stainless steel “Cork Coat Of Arms” structure on the Tivoli dual carriageway at the Eastern gateway to our City. This structure is well structured on a concrete base but there is quite a lot of vegetation currently around it and it is illuminated by street lighting on the opposite side of the carriageway. Can the excess vegetation adjacent to this be cleared away to make this magnificent feature more visibly prominent. Can we also look at putting in place lighting around this feature connected to the

street lights so it will illuminate automatically in hours of darkness. If funding and space permits, can we also include a “Welcome To Cork” wording with the amended population on the sign.
