The Butter Market is an iconic and historic building which should be the focal point of the Shandon area and indeed the Northside of the city as a whole. This should be done in conjunction with the local community and in particular with the Shandon Area Renewal Association to transform the building which is currently in a semi-derelict and underused condition into what could be a wonderful public resource and cultural centre of the city as a whole.’

‘That the car park situated at the junction of Summerhill South, Langford Row and High Street be more resident friendly, the current situation and limited space taking into consideration that the residents are not permitted to park on the main road due to bus lanes is not sufficient. I propose that the waste ground to the front of the car park be removed to create more parking spaces and that the disc parking zone area be reduced from the current 2 hour limit to a one hour limit, thus allowing a more efficient turnaround time of parking spaces which would be of immense benefit to the residents of the area.’

Party Whips

14.13 **RENT ON CORK CITY COUNCIL HOUSING STOCK**

‘That Cork City Council would increase the rent on Cork City Council housing stock by €2.00 per week. This additional €2.00 per week is to equal the €100.00 charge which is imposed on each Council house towards Local Property Tax. I would also look for agreement that the €880K raised would be ring fenced towards housing repair and adaptation grants.’

(Proposer: Cllr. D. Cahill 15/297)
