#### 12.12 **PATHWAY CONNECTING SILVERSPRINGS LAWN AND ASHMOUNT ESTATE, MAYFIELD**

Members considered Report of the Director of Services, dated the 16th March 2017 regarding Pathway Connecting Silversprings Lawn And Ashmount Estate, Mayfield.

‘That City Council proceed with the creation of a pathway connecting Silversprings Lawn and Ashmount Estate in Mayfield according to the original planning decision and design (Town Planning Reference 23842/99).

The fence currently blocking this access was originally built to cordon off the construction of residential housing in the early 2000's, and was supposed to be replaced by a footpath and wall as per TP 23842/99. This pathway was intended to provide freedom of movement for residents between Silversprings and Ashmount.

However, the construction of this pathway was never undertaken, and the fence has since remained in place. Although an opening through the fence has existed since 2002, this has now been closed as of January 2015.

Residents of Silversprings and Ashmount estates in Mayfield are currently separated by this closed fence, which is imposing great inconvenience to those living nearby, and is in direct contradiction to the original planning designs for the area.

The construction of the mandated pathway was never undertaken, and the fence has since remained in place. The closure of this fence has greatly inconvenienced the local community. This restriction of free movement for the residents of both Silversprings and Ashmount has affected them in the following ways:

- Young children have been walking on a wall running over and adjacent to the fence, and there exists a serious danger of injury should a child fall on the palisade railings of the fence
- Access to the local GAA and soccer pitches in Ashmount, Boherbuoy and Lotamore has been curtailed
- Users of the 208 bus stop at Ashmount face a lengthened journey, posing a special difficulty to elderly shoppers
- The fencing presents a physical separation for the residents and children of the Silversprings and Ashmount estates who wish to visit friends and relatives in nearby areas
- The fence poses a barrier to walkers, and those residents who seek to enjoy the local amenities
- Children of the Silversprings area are denied access to the green area of Ashmount for recreation’

(Proposer: Cllr. T. Tynan 17/068)

### **Decision of Committee**

#### 12.13 **FILTER LIGHT FROM CLASHDUV ROAD ONTO TOGHER ROAD**

Members considered Report of the Director of Services, dated the 16th March 2017 regarding Filter Light From Clashduv Road Onto Togher Road.

'I've made numerous representations starting back in 2014 (Filter light turning right from Clashduv Road onto Togher Road reference number – 20488 & 20409) to get a filter light turning right from Clashduv Road onto Togher Road. Everyone is complaining about the lack of a filter light turning right & the delays this has on traffic on the Clashduv side. There is a big fear that people will take risks at this junction and cause accidents due to the lack of time to turn at this junction. This wasn't possible due to the cost but in April 2015 there was a 8 second delay put on the lights after the Vicar's Road side shuts down, allowing the traffic turning right. This had a massive positive affect at reducing the traffic flow for everyone but for some reason this is no longer in place causing the same issues again. Would it be possible to introduce this 8 second delay again please?'
