Applicant	Paul Penney & Norita O'Keeffe (owners) c/o Eoin O'Leary, Con Form Architects, (agent)
Date	19/08/2019
Recommendation	Is development and is exempted development

INTERPRETATION

In this report, 'the Act' means the Planning and Development Act, 2000 as amended and 'the Regulations' means the Planning and Development Regulations, 2001 as amended, unless otherwise indicated.

1. REQUIREMENTS FOR A SECTION 5 DECLARATION APPLICATION

Section 5(1) of the Planning and Development Act 2000 as amended states,

5.—(1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.

The requirements for making a section 5 declaration are set out in the Act.

2. THE QUESTION BEFORE THE PLANNING AUTHORITY

The question to the planning authority is:

Is the construction of a rear and side extension with rear terraced garden steps development and, if so, is it exempted development?

3. SITE DESCRIPTION

The subject property is a two storey terraced dwelling in the Residential, Local Services and Institutional Uses zoning area. The area is predominantly residential in nature.

4. DESCRIPTION OF THE DEVELOPMENT

The proposed development proposes the construction of a single storey extension of approximately 16.5m² to the rear of the existing property.

5. RELEVANT PLANNING HISTORY

None.

6. LEGISLATIVE PROVISIONS

6.1 Planning and Development Act, 2000 as amended

Section 2(1)

“exempted development” has the meaning specified in section 4.

“structure” means any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and—

- (a) where the context so admits, includes the land on, in or under which the structure is situate, and*
- (b) in relation to a protected structure or proposed protected structure, includes—*
 - (i) the interior of the structure,*
 - (ii) the land lying within the curtilage of the structure,*
 - (iii) any other structures lying within that curtilage and their interiors, and*
 - (iv) all fixtures and features which form part of the interior or exterior of any structure or structures referred to in subparagraph (i) or (iii).*

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3(1)

In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4(1)(h)

4.(1) The following shall be exempted developments for the purposes of this Act—

...

(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;

Section 4(2)

Section 4(2) provides that the Minister may, by regulations, provide for any class of development to be exempted development. The principal regulations made under this provision are the Planning and Development Regulations 2001, as amended.

Section 4(3)

A reference in this Act to exempted development shall be construed as a reference to development which is—

- (a) any of the developments specified in subsection (1), or*
- (b) development which, having regard to any regulations under subsection (2), is exempted development for the purposes of this Act.*

Section 5(1)

See section 1 of this report.

6.2 Planning and Development Regulations 2001 to 2018 as amended**Article 5(2)**

In Schedule 2, unless the context otherwise requires, any reference to the height of a structure, plant or machinery shall be construed as a reference to its height when measured from ground level, and for that purpose “ground level” means the level of the ground immediately adjacent to the structure, plant or machinery or, where the level of the ground where it is situated or is to be situated is not uniform, the level of the lowest part of the ground adjacent to it.

Article 6(1)

Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.

Article 9

Article 9 sets out restrictions on exemptions specified under article 6.

(Article 6) Schedule 2, Part 1, Class 1

Classes 1-8 relate to development within the curtilage of a house and Class 1 relates to “the extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house”.

7. ASSESSMENT

7.1 Development

The first issue for consideration is whether or not the matter at hand is ‘development’, which is defined in the Act as comprising two chief components: ‘works’ and / or ‘any material change in the use of any structures or other land’.

‘Works’ is defined in section 3(1) of the Act as including ‘any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal’. In relation to proposed extension to the rear of the existing dwelling, it is clear that an extension to a dwelling house comprises ‘works’. As the proposal comprises ‘works’, it is clearly therefore ‘development’ within the meaning of the Act.

CONCLUSION Is development

7.2 Exempted development

The next issue for consideration is whether or not the matter at hand is exempted development. Section 2(1) of the Act defines ‘exempted development’ as having ‘the meaning specified in section 4’ of the Act (which relates to exempted development).

Section 4(3) of the Act states that exempted development either means development specified in section 4(1) or development which is exempted development having regard to any regulations under section 4(2).

I consider that the proposal comes within **subsection (2) of section 4**, i.e. the Regulations, and not subsection (1).

Section 4(1)

I do not consider that the proposal comes within the scope of section 4(1) of the Act.

Section 4(2)

It is therefore necessary to consider whether the proposed rear extension comes under the scope of section 4(2) (i.e. exemptions specified in the Regulations), having regard to the use of the word ‘or’ in section 4(3).

I consider that article 6 and Class 1 applies, as it is an extension of a house by the construction of an extension to the rear of the house.

Having assessed the proposed extension against Class 1 and its conditions and limitations I find as follows:

Condition / Limitation 1

The house, from reviewing planning history, has not been previously extended. The proposed extension is approximately 16.5m² in area and is a single storey extension. Therefore part (a) of this condition and limitation are satisfied (parts (b) and (c) do not apply).

Condition / Limitation 2

The house does not appear to have been previously extended therefore this condition/limitation does not apply.

Condition / Limitation 3

The proposed works are ground floor only therefore this condition/limitation does not apply.

Condition / Limitation 4

The height of the walls of the proposed extension does not exceed the height of the rear wall of the house. The highest part of the roof of the proposed extension does not exceed the height of the highest part of the roof of the dwelling. Therefore parts (a) and (c) of this condition and limitation are satisfied (part (b) does not apply).

Condition / Limitation 5

More than 25m² of open space will remain to the rear of the dwelling. Proposed drawings indicate in excess of 100m² of open space will remain to the rear of the dwelling.

Condition / Limitation 6

Ground floor windows proposed are more than 1 metre from the boundaries they face.

Condition / Limitation 7

It does not appear that the roof is proposed to be used as a balcony or roof terrace.

Restrictions on exemption

I do not consider that any apply in this instance.

CONCLUSION

Is exempted development

8. ENVIRONMENTAL ASSESSMENT

I note the provisions of sections 4(4), 4(4A) and 177U(9) of the Act which state,

Section 4(4),

Notwithstanding paragraphs (a), (i), (ia) and (l) of subsection (1) and any regulations under subsection (2), development shall not be exempted development if an environmental impact assessment or an appropriate assessment of the development is required.

Section 4(4A)

Notwithstanding subsection (4), the Minister may make regulations prescribing development or any class of development that is—

(a) authorised, or required to be authorised by or under any statute (other than this Act) whether by means of a licence, consent, approval or otherwise, and

(b) as respects which an environmental impact assessment or an appropriate assessment is required,

to be exempted development.

Section 177U(9)

In deciding upon a declaration or a referral under section 5 of this Act a planning authority or the Board, as the case may be, shall where appropriate, conduct a screening for appropriate assessment in accordance with the provisions of this section.

8.1 Screening for Environmental Impact Assessment

Having regard to the contents of Article 103 and Schedule 7 of the Planning and Development Regulations 2001, as amended it is considered that the proposed development by reason of its nature, scale and location would not be likely to have significant effects on the environment. Accordingly it is considered that **environmental impact assessment is not required.**

8.2 Screening for Appropriate Assessment

The applicant has not submitted an appropriate assessment screening report. The relevant European sites are the Cork Harbour SPA (site code 004030) and the Great Island Channel cSAC (site code 001058). Having regard to the location of the proposed development site relative to these European sites and related watercourses and to the nature and scale of the proposed development it is considered that the proposed development would not affect the integrity of these European sites. Accordingly it is considered that **appropriate assessment is not required.**

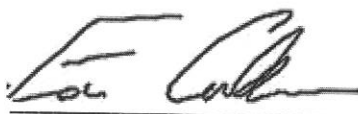

9. RECOMMENDATION

In view of the above and having regard to —

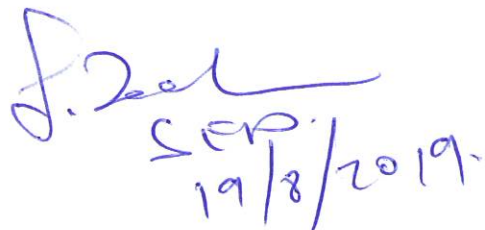

- Sections 2, 3, and 4 of the Planning and Development Act 2000 as amended, and
- Articles 6, 9 and 10 and Part 1 of Schedule 2 of the Planning and Development Regulations 2001 to 2018

the planning authority considers that —

the construction of a rear and side extension with rear terraced garden steps to the rear of the existing dwelling house at Lyndhurst, 10 Victoria Avenue, Ballintemple, Cork **IS DEVELOPMENT** and **IS EXEMPTED DEVELOPMENT.**
