Council believes the response of the Iranian authorities to the protests has been completely disproportionate and calls on Minister Coveney, on behalf of the Government and the Irish people, to lobby internationally for an independent inquiry to determine what caused the death of Masha and to ensure that those responsible are held to account.’

APPENDIX 1

MOTIONS

An Chomhairle to note the referral to the relevant Committee of the following motions, due notice of which has been given:-

1. **PARK AND RIDE IN BLARNEY AND BLACKPOOL**

‘That Cork City Council fast track the installation of a park and ride facility in both Blarney and Blackpool to serve those who work in or wish to visit the city centre. The current levels of traffic are unsustainable and must be dealt with in a way that offers a realistic chance of success without punishing drivers, where no option other than driving into the city centre exists.’

(Proposer: Cllr. D. Boylan 22/434)

Now that the road is open that facility is lost due to traffic volumes and an alternative would be welcome.’

(Proposer: Cllr. D. Boylan 22/435)

20. **TRAFFIC MANAGEMENT SYSTEMS**

‘To ask this Council to hold a special meeting of Council to discuss the city’s traffic management systems and recent changes to same. It is very obvious to all road users that the recent changes and narrowing of traffic lanes are having an adverse effect in traffic flow during peak times. The said narrowing of traffic lanes are in my view dangerous to all road users including pedestrians while at the same time creating unnecessary pinch points that add to the current traffic chaos throughout our city.

I would further ask that a subcommittee of the relevant agencies i.e., Cork City Council, Taxi Federation, Bus Eireann, An Garda, private bus operators, and others as deemed required plus one Councillor from each ward be set up with a remit to review our current traffic management systems and bring forward and introduce the changes required to alleviate the current traffic chaos in all areas under the jurisdiction of Cork City Council.’

obstructed by parked cars. The Council installed the barrier a number of years ago and subsequent requests were made to improve the visibility of it, with park users, many of them young people, stepping out between cars. An enlarged, unobstructed space would facilitate better lines of sight.’
