43. **CASTLE MEADOWS, SKEHARD ROAD**

‘That CCC immediately act on promises made to the residents of Castle Meadows and Councillors without any further delay.

Firstly, to address the parking issues at the entrance of the park which are making the turn very dangerous, while following through with adequate signage and lining in the park.

Secondly, address the pedestrian access on the eastern side of the park i.e. the river side.

Lastly, the pressing issue of anti social behaviour around the playground area. Nightly fires are now a reality with the fire brigade service in attendance on at least five times recently. The solution, address the inadequate fence which is enabling the anti social behaviour, introduce better lighting and cameras.

The excuse of not taking in charge is not good enough.’
